Weekly Requirements:

1. At least 5 half days of strict clinical work (clinic, ED, rounds)
2. At least 2-3 of the 5 half days should ideally be in family medicine clinic
3. At least 1 to 2 half days should be community-oriented (i.e. time spent with Project Horseshoe Farm fellows in the community)
4. The remaining half days can be in the setting of learner's choosing (see list below)
5. Schedule can be adjusted based on interest, but there may be limitations on certain experiences based on preceptor availability.

Available Experiences:

- Family Medicine Clinic
- Hospital Rounds
- ED
- Psychiatry (clinic or Nursing Home)
- Pediatric psychiatry
- EMS ride-along
- Hospice
- Home Health
- Lab/phlebotomy
- Administrative overview
- Community resources (health dept, extension office, etc)
- Project Horseshoe Farm community involvement
